Shute

Zero the winged knight

Page 04

Neotopia – A far advanced High tech city where people and robots are living together. In this peaceful world, neither humans nor robots are allowed to carry weapons  
Dark Axis has crossed the dimension and attacks Neotopia. The reason why Neotopia got attacked was since there are living many robots in the city.  
In the center of the city, there is a symbol tower  
A huge robot for tourist guide. The mayor was the model for it  
*A city where people and robots live peacefully*  
A robot that is patrolling the city, GM and Ball types are the most common  
The robots are called Mobile citizen and work at various places  
Besides of Humanoid types, there are many different like trains and cranes

Page 05

The targeted Utopia – **The future city of Neotopia!**  
Leonardo – He helps the mayor and handles the robots  
Prio - He helps the mayor Margaret and handles the people. He acts often together with Leonard  
Mayor Margaret – A woman who rules Neotopia and never loses her pure heart  
*The battle of the Gundam Force has begun!*  
For the case that someone disturbs the peace. The mayor prepared the Gundam Force which goes into action!

Page 06

Mobile citizen mode – To hide the fact that he is made for combat. He normally has another shape but can change with the equipment ring in no time  
*A transform with the equipment ring!*  
Since he is together with Shute, his way of thinking gets more human  
Since he can be repaired, he protects his friends with his body  
A special robot to protect the peace of Neotopia. He is very skilled at calculating the enemy's skills and the battle situation  
The warriors who protect the dimensions – **Gundam Force!**  
A special team to protect Neotopia and all other dimensions!

Page 07

Beam saber – A beam sword which can cut through anything with its heat. It's used at close combat  
Grenade launcher – Small missiles which are coming out of from both arms. Rapid fire is also possible  
Light shield – It can stick a shot pole onto the ground and be mounted  
10 mm compact Vulcan cannon – It has not much power and is used to scare away others  
Light rifle – Captain's main weapon which emits a strong beam  
*Special attack – captain's punch!* It collects the power of the intensively activated soul drive at the fist and shoots it together with the punch  
The leader of the Gundam Force – **Captain Gundam**  
Height / 148.30 cm Weight / 131.34kg Power / 1078 do\*  
\* 1 do will be approximately about 1~10KW of output  
I am captain Gundam. For the cause of an invasion against Neotopia, I have a special permission to use fire weapons. Fall back immediately!  
Though he has many weapons, his body is light and he is good at close combat  
The source of power – *Soul drive*  
All robots have it but the one of captain is special  
*Captain system* – He can enter the brain world where the A.I of all robots are connected

Page 08

Captain's power up – *Heavy weapon Captain Gundam*  
Heavy shield – An enforced shield which can shoot wire and mini missiles

Tenken Zettou Moukinmaru – **Sword of Raven Moukinmaru**

He can fly freely around the air and release from his sword a shock wave called Moukin-  
zettou-ha

Page 47

Shishi Souha Kijuumaru – **Battle beast Kijuumaru**

Kijuumaru who is like a mass of weapons, fires a great number of fire weapons from his  
entire body. His strongest attack is the Kiju-dai-ran-sha (Mechanic beast great wild shot)

The ninja group of Kibaoumaru – **Cobra ninjas**

A clan of Ninja, who served the clan of Kibaoumaru for generations. They have many  
techniques like surrounding the enemy with an enormous speed or control enemy soldiers  
with manipulating arrows

**Cobramaru black** – Cobramaru, who went to Neotopia, was allowed as the strongest Ninja  
to put on the black armor, which is the sign of the best technique

They confuse the enemy by all four of them attacking at the same time

The tail of the armor can move independently

Cobramaru green

Cobramaru Blue

Cobramaru Red  
Cobramaru Yellow

Page 48

A war experienced warrior – **Britainmaru**

He is a general who once controlled half of Ark and possesses the armor of the Bakushin (exploding heart) which can only be wore by someone with a pure heart. He commands the army which protects Ark from Kibaoumaru

He has not the power like before and gets into a pinch, when he got surrounded by the cobra ninja team

**Ginkaku** – He protects Britainmaru together with Kinkaku as a guard who is always at his side. Besides that, his task is to protect the Tanegashima and the Bakushin armor

**Kinkaku** – A guard of Britainmaru who mistook Bakunetsumaru who disappeared within the battle as a traitor

The huge cannon called Tanegashima, can only be fired with three people

To have to attack his own former fortress is a painful task

Page 49

Soldiers, who were gathered from each region of Ark, to defeat Kibaoumaru. There is a huge amount of them

**Nobushi** – Since they were gathered from various countries. The family insignia of them is completely different

These are brave soldiers who do not fear the attack of the heavens ground castle

It's sealed off inside the Tenchijyo

The Daishinsho has the Dai-ryo-goku-kigen in his hand. It is told that the one who possesses this force, can get a Daishogun

The legendary giant musha Mobile musha Daishinshou (Grand divine general)

A berserker god who lives in Ark for ages. It can be steered when someone rides it

Page 50

The equipment change ring does not only change the backpack but prepares quickly for combat

Equipped with a new backpack – **Captain Gundam option V**

After defeating commander Sazabi, Captain got equipped with the option V. It has various techniques to fight at unknown dimensions

With a powerful vernier, he can do small flights

The V rod can be put on the front side and be used as canons

A Strong weapon - **V Rod**

When both V rods are combined. They can stretch and shortened and by that, be able to attack enemies at distances

Also if not combined, they can be used as two beam sabers

Page 51

**Gundam force power up!**

To handle the intensifying battles, the Gundam force powers up too!

Normally, he is at the Gunverhicle mode and carries Shute and princess Lili

**Gunchopper** – The Gundivers who fought undersea, got modified that they can fight in the air. The team work of these 7 is also in the air excellent

**Gun panzer**

The Gunbike got reborn with a new body. With this power armor, he can rush through the enemy's attacks

Page 52

The captain has been reborn – **Hyper Captain Gundam**

Captain, who got damaged by Gerbera, got a new body and was reborn! The chance of winning the final battle has increased to 120%!

With the option F on his back, he can now freely fly

The Vulcan on the head got reinforced and the number of rounds also increased

**V attack!**

The special attack is the beam, shot from the hyper V antenna

Height / 151.76cm    Weight / 196.37kg    Power / 1478do

The new weapons like the heavy machine gun, heavy shield and V rod are like the ones he is used to

Page 53

Bakunetsumaru got the Bakushi armor – Bakushinmaru

Once Britainmaru wore this armor. Bakunetsumaru had admired this from his infant days

Height / 160.39cm    Weight / 181.64kg    Power / 3194do

The one who suffered most was not him who was suspicious but Britainmaru, who had to

doubt his subordinate...    The armor responded to Bakunetsumaru who realized that with a pure heart and Bakushinmaru was born. Blow the evil with the Baku-kai ten-jou away!

If you do not have a pure heart. You will burn yourself on the armor of Bakushin, which is surrounded in flames. At first, he couldn't even touch it

Besides option F. The S.D.G is developing other equipment for the Hyper captain

Page 54

The one who commands Axis – **Professor Gerbera**

He thinks it as a priority to revive the General. The orders to all of Dark Axis are given by him

He attacks by putting out several construction tools. Only Gerbera who is the supreme engineering officer, makes things

Why do they raid other dimensions? And why are they aiming on the robots? This secret will soon be revealed!

Height / 165.31cm    Weight / 192.18kg    Power / 1784do

Page 54-55

**The fearful truth about Dark Axis!**

Page 55

He intruded with the power of General into the Gundamusai. And dragged captain into a special dimension

With the Anker hidden in his chest, he disabled the interfering ones

When he got hit by the captain's punch. It was a Gundam which appeared out of the armor

The true form of Professor Gerbera – **Madnug**

A mysterious black Gundam which looks like Hyper Captain Gundam. What has been in his past that he dislikes humans?

Page 56

The supreme leader of Dark Axis – **General**

The arm which has an eye can freely fly around and attacks with a strong beam

The reason why Dark Axis aims for robots. Is to melt the Gundanium, which the body of the Gundams consist of, to create the body of the General. The knight Gundams have already been molten and used for the resurrection

Page 57

The beams from the hand can also send people to other dimensions

General, who is at the headquarter of Dark Axis, has only a head and hands but has still a tremendous power. What will happen if his entire body revives?

Kibaoumaru looks at Gerbera and the general. He slowly notices that their goals are different

Page 58

**Cross the wall of dimensions and beat the evil ambitions**

The final aim of Dark Axis is the destruction of everything. There is no way to allow that. Do your best, Gundam Force!
